Description of the accident (claimant's words)

I was driving north on the main road in Conroe, Texas, at a slow speed because traffic was bcaked up near the intersection. The vehicle in front of me stopped suddenly, and I braked, but my car still rolled forward and I could not stop in time. A car traveling in the opposite lane drifted over the center line and collided head-on with the front of my vehicle. The impact was low speed, but my head struck the steering wheel and then the side window. Immediately afterward I felt dizzy, had a ringing in my ears, and a headache that got worse over the next hour. Paramedics came to the scnee and advised me to go to the emergency room, where I was diagnosed with a concussion. I have been resting at home on the doctor's instructions and have been unable to return to work since the accident. I am submitting this statement to document how the collision happened and the injuries I sustained.
