Description of the accident (claimant's words)

I was stopped at a red light on the main road in League City, Texas, waiting to turn left, when I felt a hard jolt from behind. The impact pushed my car forward and my head snapped back and then forward. I stayed in my seat, shaken but able to get out of the vehicle. The other driver stopped, and we exchanged insurance and contact information. A police officer came to the scene and wrote a report. My vehicle has visible damage to the rear bumper and trunk. Later that day I began to feel stiffness and pain in my neck and lower back, which has continued since. I have seen a doctor, who diagnosed me with neck and back strain and recommended physical therapy and rest. I am providing this account so the claim can be reviewed.
