Claim Notes

Claim number:	C-1346
Claimant:	Travis Patterson
Adjuster:	Valerie Rodriguez

10-22-23 - Reviewed fisrt notice of loss. Insured reports a collision at an intersection while turning left. Claimant's vehicle was struck on the driver side. Police report requested. Photos of both vehicles received from insured.

10-26-23 - Contacted the claimant's attorney's office to acknowledge representation. Attorney confirmed the claimant is treating for neck and back strain. All further communication to go through counsel. Requested medical authorization forms and recorded statement scheduling through the attorney.

11-1-23 - Received police report. Officer notes the insured was turning left across oncoming traffic and did not yield. Witness statement on file supports the claimant's account of the signal phase. Liability appears probable against the insured, pending review of the scene diagram.

11-3-23 - Claimant's counsel sent treatment records and a demand package. Records show initial evaluation at urgent care followed by physical therapy referral for cervical and lumbar strain. No fractures or imaging-confirmed disc injury noted. Referred file to supervisor for evaluation of settlement range and reserve adjustment.

11-5-23 - Reserve updated to reflect bodily ijnury exposure and property damage. Settlement authority requested. Left voicemail with defense counsel on the insured's behalf regarding a possible early resolution. Diary set for follow-up after supervisor review of the traetment file.

Recorded Statement

Claim number:	C-1346
Statement of:	Travis Patterson
Taken by:	Valerie Rodriguez
Date:	10-22-23

Q: Thank you for taking the time to give this recorded statement. Please state your full name for the record.

A: I'd rather not say my full name on the recording, if that's okay. You can refer to me as the claimant.

Q: That's fine. Can you tell me where you were when the accident happened?

A: I was driving through League City, Texas, on a weekday afternoon. I was turning left at an intersection with a traffic light.

Q: What was the signal showing when you began your turn?

A: It was a green light, but the left-turn arrow had already ended, so I was turning on the solid green. I checked for oncoming cars and started to go.

Q: What happeend next?

A: A vehicle coming straight through the intersection hit the driver's side of my car. It came in fast, and I felt a hard jolt that threw me against the seatbelt and then back into the seat.

Q: Did you lose consciousness or hit your head?

A: No, I didn't black out and I don't think I hit my head on anything. My neck snapped forward and back, though, and my lower back has been sore ever since.

Q: Have you seen a doctor or received any treatment since the collision?

A: Yes, I was seen at an urgent care clinic the same day. They diagnosed a neck strain and a back strain, and I've been doing physical therapy twice a week.

Q: Is there anything else you'd like to add to your statement?

A: Only that I've had trouble sleeping and I'm missing some work because sitting for long periods makes the pain worse. I'm hoping to get everything resolved as quickly as possible.

Q: Thank you. This concludes the recorded statement.
