Description of the accident (claimant's words)

I was driving north on the frontage road in Baytown, Texas, and needed to move into the right lane to make my exit. I checked my mirror and signaled, and as I started to merge, I felt a hard jolt on the passenger side. The other vehicle had been in my blind spot and clipped the rear quarter pnael of my car, pushing me toward the curb. I brought the car to a stop on the shoulder and turned on my hazards. My head struck the side window during the impact, and I felt dizzy and nauseous almost immediately. A bystander helped me out of the vehicle, and I was taken by ambulance to the nearest emergency room, where I was diagnosed with a concussion. I have included the police report number and photos of the damage with this form.
