Officer's narrative

Officer narrative: On arrival at the intersection in Conroe, Texas, I observed a side-impact collision between a sedan and an SUV. Vehicle 1 was traveling northbound through the intersection and was struck on the driver side by Vehicle 2, which had entered from the eastbound approach. Driver 1 was seated in Vehicle 1 when I made contact and stated that the impact pushed them against the door frame. Driver 1 reported pain in the lower back and stiffness in the neck and said they were able to exit the vehicle without assistance. A Passenger in Vehicle 1 reported no injury. Driver 2 stated that the traffic signal had changed and that they proceeded after checking for cross traffic. Both vehicles sustained heavy damage to their driver-side and passenger-side panels respectively and were towed from the scene. Driver 1 was advised to seek medical evaluation. EMS was requested as a precaution.
