Description of the accident (claimant's words)

I was driving north on the main road in Katy, Texas, intending to turn left into the shopping center entrance. I checked for oncoming traffic, saw the way was clear, and began my turn. As I crossed into the opposite lane, a vehicle coming from the other direction struck the passenger side of my car. I had not seen it approaching at that speed, and I did not have time to react. My car was pushed sideways and came to rest partly onto the curb. I stayed at the scene until the police arrived and gave them my account. Afterward I felt a sharp pain in my lower back, which my doctor diagnosed as a back strain. I have included the medical notes with this form. I believe the other driver was at fault for not yielding and for traveling too fast for the conditions.
