Officer's narrative: On arrival at the intersection, I observed a two-vehicle collision involving a sedan and an SUV. Driver 1 stated that they were traveling straight through the intersection when Driver 2, operating the SUV, turned left across their path and struck the driver's side of the sedan. Driver 2 stated that they had begun the turn when the sedan approached quickly, though Driver 2 acknowledged they did not see the sedan until impact. A Passenger in the sedan was present and was not injured. Driver 1 reported pain in the lower back and neck and stated they felt stiffness after the impact.
