Q: Thanks for taking the time to speak with me today. This call is being recorded for the claim file. Can you confirm you're comfortable with that?

A: Yes, that's fine.

Q: Great. Can you walk me through what happened at the intersection?

A: I was making a left turn at the light, heading toward the shopping center. The light had turned yellow and I thought I could make it through, so I went for it. Another car came through from the other direction and we collided in the middle of the intersection.

Q: Where were you coming from before you reached the light?

A: I was driving down the main road from the east side of town. Traffic was moderate, nothing unusual.

Q: How fast do you think you were going when you started the turn?

A: Maybe twenty-five or thirty miles an hour. I wasn't racing or anything.

Q: Did you see the other vehicle before the impact?

A: Not really until the last second. I heard a horn, and then it hit me on the driver's side front. I tried to brake but there wasn't time.

Q: Were you wearing your seatbelt?

A: Yes, I was.

Q: Have you noticed any injuries since the accident?

A: Yes. My neck is stiff and sore, especially when I turn my head to the left. My lower back aches too, and it got worse last night. I went to urgent care this morning and they said it looked like strain.

Q: Are you currently receiving any treatment?

A: I'm taking over-the-counter pain relievers and I have a follow-up with my doctor next week. They gave me some stretching exercises.

Q: Is there anything else you'd like to add about the accident?

A: Just that I'm sorry it happened and I hope everyone is okay. I'm cooperating fully, so let me know what else you need.

Q: Thank you. We'll be in touch with next steps.
