Description of the accident (claimant's words)

I was driving north on the main road and approached the intersection on a green light. As I started to move through, a vehicle coming from the cross street did not stop and struck the driver's side of my car. The impact pushed my vehicle sideways and I felt my head snap forward and back. The airbags deployed, and I was dazed for a few moments before I was able to get out. My neck and upper back became stiff and painful within hours, and I have been diagnosed with whiplash. I was not at fault. I stopped at the scene, exchanged information with the other driver, and a police report was filed. My vehicle is currently not drivable and has been towed to a repair facility. I am requesting coverage for the vehicle damage, medical treatment, and time lost from work.
