Description of the accident (claimant's words)

I was backing my car out of a space in the parking lot of a grocery store in Houston, Texas, moving slowly with my mirrors checked. As I reversed, the rear bumper of my vehicle struck the side panel of a pickup truck that was passing behind me in the aisle. I stopped immediately and got out to look. Both vehicles had visible damage. The other driver and I exchanged insurance details, and a store employee came over to help. Afterward, I felt a sharp pain in my lower back that grew worse over the next few hours. I went to an urgent care clinic the same day, where I was told I had a back strain and was advised to rest and take medication. I am reporting the injury and the damage to my own vehicle for this claim.
