Officer's narrative

Officer narrative: On arrival at the intersection in Pasadena, Texas, I osberved two passenger vehicles with visible damage consistent with a side impact. Driver 1 was operating a sedan southbound and staetd that the traffic signal had been green for its direction. Driver 2 was operating a pickup northbound and stated that the signal had changed to yellow before entering the intersection. Driver 1 and one Passenger remained at the scene and were evaluated by responding EMS. Driver 1 reported pain in the left knee and was transported for further evaluation as a precaution. Driver 2 and the Passenger reported no injuries. Both vehicles sustained front-quarter and door-panel damage and were not drivable without towing. Skid marks were noted on the roadway from the pickup. Witness statements were requested from a pedestrian at the northeast corner. Traffic control was established until both vehicles were cleared from the travel lanes.
