Officer's narrative

Officer narrative. On arrival at the scene in Sugar Land, Texas, I observed two passenger vehicles stopped in the right-hand lane of southbound traffic with visible contact damage to the left rear quarter panel of Vehicle 1 and the right front fender of Vehicle 2. Driver 1 stated that they were changing lanes from the center lane into the right lane when Vehicle 2 moved into the same space, resulting in a sideswipe. Driver 2 stated that Vehicle 1 changed lanes without signaling and that contact occurred as they attempted to avoid it. A Passenger in Vehicle 1 was seated in the front seat and reported no injury. Driver 1 reported striking the side window and stated they were experiencing headache, dizziness, and confusion, consistent with a concussion. Emergency medical services were requested and Driver 1 was transported for evaluation. Both vehicles were drivable and were moved to the shoulder. Skid marks were not observed. Photographs were taken and a citation was issued to Driver 2 for failure to control speed.
