Description of the accident (claimant's words)

I was driving north on the main road in Pasadena, Texas, at a low speed, approaching the intersection where traffic had slowed to a crawl. The vehicle coming toward me crossed into my lane and we collided head-on. Both cars came to a stop almost immediately, and I remember my airbag deploying and my head striking the side window. I was dazed and had trouble focusing for several minutes afterward. Paramedics arrived on scene and examined me, and I was later diagnosed with a concussion. I have been experiencing headaches, sensitivity to light, and dizziness since the incident, and I have been advised to lmiit screen time and avoid strenuous activity while I recover. I am providing this statement so the claim can be processed accurately.
