Claim Notes

Claim number:	C-1407
Claimant:	Melissa Caldwell
Adjuster:	Christopher Wong

October 9, 2024 - Claim opened following side impact collision at intersection. Insured reports other vehicle entered intersection against signal and struck driver's side door. Police report requested. Vehicle towed to preferred shop. Rental authorization pending.

October 18, 2024 - Claimant has retained counsel. All further contact to be routed through attorney's office. Claimant reports headache, dizziness, and sensitivity to light following the collision. Medcial authorization forms sent to attorney for signature.

October 27, 2024 - Received treatment records from urgent care. Diagnosis noted as concussion with post-concussive symptoms. Referral to neurology on file. Reviewed photos of vehicle damage submitted by insured; intrusion to driver door panel consistent with reported impact angle.

November 5, 2024 - Spoke with attorney's office regarding liability position. Comparative fault question raiesd due to conflicting witness accounts of signal phase. Requested additional witness statements and intersection camera footage if available. Attorney indicated demand package will follow once treatment concludes.

November 7, 2024 - Reserve reviewed and adjusted to reflect injury severity and open medical treatment. File flagged for supervisor review due to represented claimant and disputed liability. Next action: obtain neurology report and confirm status of signal timing records from municipality.

Recorded Statement

Claim number:	C-1407
Statement of:	Melissa Caldwell
Taken by:	Christopher Wong
Date:	October 15, 2024

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather just keep it to the accident, if that's okay.

Q: Understood. Can you tell me where you were when the collision happened?

A: I was driving through the intersection in Pasadena, Texas, heading east on the main road. The light had been green for me when I approached.

Q: Did you notice the other vehicle before the impact?

A: Not really. I think it came from my right side, from the cross street. I saw something move at the edge of my vision, but I didn't have time to react.

Q: How fast do you estimate you were traveling?

A: Maybe the speed limit, around 35 or so. I wasn't rushing.

Q: Where did the impact occur on your vehicle?

A: On the passenger side, toward the rear door. The airbag on my side went off, and my head hit the window pretty hard.

Q: Did you lose consciousness at any point?

A: I don't think so, but everything got fuzzy for a few minutes. I remebmer the paramedics talking to me.

Q: How are you feeling now?

A: Still pretty bad. I have a constant headache, I get dizzy when I stand up too fast, and bright lights bother my eyes. My doctor said it's a concussion and I need to rest from screens and work for a while.

Q: Have you been seeing a physician regularly since the accident?

A: Yes, I've had two follow-up visits and I'm scheduled for another next week.

Q: Thank you. Is there anyhting you'd like to add?

A: Just that I was driving carefully and I'd like this to be handled as quickly as possible.
