Claim Notes

Claim number:	C-1409
Claimant:	Traci Acosta
Adjuster:	Jerry Hanson

30 May 2023 - Insured reports a left-turn collision at a signalized intersection. Insured states the other vehicle was approaching from the opposite direction. Recorded statement taken. Photos requested from insured and scene.

1 Jun 2023 - Claimant's vehicle inspected at repair facility. Driver-side front damage consistent with insured's account. Repair estimate received and under review. Liability position still being evaluated pending police report.

5 Jun 2023 - Claimant is now represented by counsel. All further contact to be routed through the attorney's office. Letter of representation received and placed in file. Claimant reports a knee injury and has started treatment.

6 Jun 2023 - Medical records requested through counsel for the claimed knee injury. Authorization forms sent. Police report obtained, which lists the insured as the turning vehicle. Liability leaning toward insured, subject to review of witness statements.

11 Jun 2023 - Counsel has submitted a demand pacakge including treatment notes and a claim for medical costs and lost time. Demand is under review by the adjuster and claims supervisor. Reserve reviewed and updated. Next step is an independent medical review of the knee injury records.

Recorded Statement

Claim number:	C-1409
Statement of:	Traci Acosta
Taken by:	Jerry Hanson
Date:	31 May 2023

Q: Thank you for taking the time to give this recorded statement. Please state your full name for the record.

A: I'd rather just keep it to my initials for now, if that's okay.

Q: That's fine. Can you tell me where you were when the collision happened?

A: I was driving through Pasadena, Texas, on my way to the store. I was turning left at an intersection with a green light, or at least I thought it was green when I started the turn.

Q: What hpapened as you began the turn?

A: I pulled into the left turn lane and waited for a gap in oncoming traffic. When it looked clear, I started turning. Then a vehicle coming straight through hit the front passenger side of my car. I didn't see it until it was basically on me.

Q: Did you notice the other vehicle's signal or speed before the impact?

A: No, not really. It happened fast. I heard the horn and then the impact.

Q: Where were you injured?

A: My right knee took the brunt of it. It hit the dashboard. I've been having a lot of swelling and I can't bend it all the way. I went to the emergency room that afternoon.

Q: Are you currently receiving any treatment for the knee?

A: Yes, I have an appointment with an orthopedic doctor next week. They mentioned they might want to look at an MRI.

Q: Did you have any pain or problems with that knee before the collision?

A: No. I had no issues with it before this happened.

Q: Is there anything else you'd like to add to your statement?

A: Just that I was driving carefully and I'm hoping this gets sorted out quickly, because I can't work the way I usually do right now.

Q: Thank you. That concludes the statement.
