Q: Good afternoon. This is the adjuster following up on the claim. This call is being recorded. Do you understand and consent to the recording?

A: Yes, I understand.

Q: Thank you. Can you describe where you were when the collision happened?

A: I was in Pasadena, Texas, driving through an intersection and turning left onto a side street.

Q: What was the traffic signal doing when you started your turn?

A: It had turned yellow as I approached, and I was going to make the turn before it changed. I had a green arrow for the left turn, but I'm not completely sure about that.

Q: Where was the other vehicle when you first noticed it?

A: It was coming toward me from the opposite direction, going straight through. I think it was closer than I expected when I started the turn.

Q: How fast do you estimate you were traveling?

A: I'd say around fifteen miles an hour, since I was slowing down to turn.

Q: Did you have a chance to brake before impact?

A: I tried to. I hit the brakes, but the impact happened pretty quickly.

Q: Did you seek medical attention after the collision?

A: Yes, I went to the emergency room that same day. They said I had whiplash. My neck and upper back have been stiff and sore since then, and I get headaches when I sit at a desk for long.

Q: Are you still receiving treatment?

A: Yes, I'm seeing a physical therapist twice a week, and my doctor has me on a muscle relaxer.

Q: Is there anything else you'd like to add to your statement?

A: No, I think that covers it. I just want the claim handled fairly.

Q: Thank you. That concludes the statement.
