Claim Notes

Claim number:	C-1418
Claimant:	Amy Spencer
Adjuster:	Chelsea Hebert

19 Jan 2025 - Claim opened following a rear-end collision at a signalized intersection. Insured vehicle was stopped and struck from behind by a third-party vehicle. Police report requested. Insured reports neck stiffness at the scene but declined transport by EMS. Liability appears clear on preliminary facts pending the report.

25 Jan 2025 - Third-party carrier acknowledged the claim and confirmed coverage for its insured driver. Liability accepted in principle. Photos of both vehicles received from the insured; rear bumper damage on the insured vehicle is consistent with the reported impact. Vehicle taken to the preferred repair shop for estimate.

1 Feb 2025 - Claimant has retained counsel. All further contact to be routed through the attorney's office. Letetr of representation received and logged. Medical authorization requested from counsel. Claimant's prior treatment history requested in the same letter. Reserve adjusted to reflect a bodily injury component.

10 Feb 2025 - Attorney's office provided initial treatment records. Diagnosis is cervical strain with whiplash-associated symptoms. Claimant completed a course of physical therapy and reports ongoing headaches and reduced range of motion. Records reviewed. Independent medical examination recommended to verify treatment necessity and causation.

17 Feb 2025 - Demand package received from counsel with itemized medical bills, wage loss documentation, and a narrative of ongoing symptoms. Demand is under review by the claims team. Requested a copy of the complete medical file and a recorded statement from the claimant through counsel. Supervisor review scheduled before any response is made.

Q: Thank you for taking the time to speak with me today. This recording is for claim review purposes. Do you understand and consent to being recorded?

A: Yes, I understand.

Q: Can you tell me where you were when the collision happened?

A: I was driving on Broadway in Pearland, heading east toward the center of town. Traffic had slowed down because of the light ahead.

Q: What happened next?

A: I came to a stop behind a sedan. I had my foot on the brake and I was completely stopped when a pickup truck hit me from behind. It was a hard impact.

Q: Did you see the pickup coming before it hit you?

A: No. I checked my mirror a second before I stopped, but I didn't see it closing in. I just felt the jolt.

Q: Were you wearing your seatbelt?

A: Yes, I was.

Q: Did the airbags deploy?

A: No, they didn't. My car rocked forward and then back against the seat.

Q: How are you feeling now?

A: My neck and upper back are really sore. I have a stiff feeling when I turn my head, and I've had headaches since that day. I went to urgent care that evening and they told me it looked like whiplash.

Q: Have you seen a doctor since then?

A: Yes, I'm going to physical therapy twice a week and my doctor has me on muscle relaxers for now.

Q: Tahnk you. Is there anything else you'd like to add?

A: No, I think that covers it. I just want to get my car repaired and get back to normal.

Q: Thank you for your cooperation. We'll be in touch with next steps.
