|---|---|
| **Claim number:** | C-1419 |
| **Claimant:** | Samantha Wilson |
| **Adjuster:** | Valerie Rodriguez |

3-26-24 - Claim opened following report of a side impact collision at a signalized intersection. Insured vehicle was struck on the driver side by a second vehicle that entered on a late yellow. Police report requested. Claimant reported neck and back strain at scene and was transported to an urgent care facility. Liability appears disputed pending review of signal timing and witness statements.

3-29-24 - Claimant is represented by counsel. Letter of representation received and logged. All further contact to be routed through the attorney's office. Requested medical authorization and prior treatment records for the cervical and lumbar spine. Reserve set at the initial estimate for bodily injury and property damage.

4-6-24 - Spoke with defense counsel regarding the scene photographs and the intersection camera footage. Footage from the nearby business has been requested but retention period may have passed. Vehicle inspection completed. Damage consistent with a lateral impact to the driver door and rear quarter panel. Total loss evaluation scheduled.

4-9-24 - Medical records received from urgent care. Diagnosis listed as acute cervical and lumbar strain with muscle spasm. Follow-up with a physical therapist ordered. Attorney's office indicated the claimant has missed two scheduled therapy visits and is awaiting a treatment plan. Noted for medical bill review.

4-14-24 - Reviewed liability position with supervisor. Comparative fault analysis still open as the other driver disputes the signal phase. Recommended holding the bodily injury evaluation until the treatment course is documented and the signal timing records are obtained. Diary set for follow-up with counsel in two weeks.

Q: Thanks for taking the time to speak with me today. This recorded statement is about the collision at the intersection in Katy, Texas. Do you understand that this call is being recorded?

A: Yes, I understand.

Q: Please state your full address for the record.

A: I live in Katy, Texas, on a residential street near the high school.

Q: Walk me through what happened when you approached the intersection.

A: I was heading through on a green light. I slowed down a little because traffic was heavy, and then a silver sedan came from the left side and pulled into my lane. I hit the brakes but there wasn't enough room.

Q: Did the other vehicle have a signal or stop sign?

A: I didn't see a signal for them. I think they were turning, but I'm not totally sure.

Q: How fast would you estimate you were going?

A: Maybe around thirty miles an hour, maybe a bit less because of the traffic.

Q: Where did your vehicle make contact with the other car?

A: On my driver's side, the front door area. The impact pushed my car sideways.

Q: Were you injured?

A: Yes. My neck is stiff and sore, and my lower back hurts when I sit or stand for a long time. I went to urgent care the same day.

Q: Are you currently receiving any treatment?

A: I'm going to physical therapy twice a week, and my doctor prescribed muscle relaxers and some anti-inflammatories.

Q: Have you had any prior neck or back problems?

A: No, nothing serious. I had some minor stiffness years ago but nothing that needed treatment.

Q: Is there anything else you'd like to add?

A: Just that I'm still getting used to the pain and I'm hoping to get back to normal soon.

Q: Thank you. This concludes the statement.

A: Thank you.
