Description of the accident (claimant's words)

I was backing out of a parking space at a grocery store in Katy, Texas, when my vehicle struck the rear quarter panel of a parked SUV. I had checked my mirrors and believed the lane was clear, but I did not see the otehr vehicle until the impact. I stopped immediately, turned on my hazard lights, and cehcked on the other driver, who was not in the vehicle at the time. Store staff came out to help, and I exchanged insurance information with the other vehicle's owner. The impact was low speed, but the force jolted me forward and back against my seatbelt. Within a few hours I developed stiffness and pain in my neck and lower back, and I have since been seen by a doctor for a neck and back strain. I am submitting this statement to document the incident and my resulting injuries.
