Recorded Statement

Claim number:	C-1424
Statement of:	Joseph Johnson
Taken by:	Alison Sweeney
Date:	4-2-24

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the collision at the intersection in Sugar Land. Can you state your full name for the record?

A: Yes, I'm the driver of the vehicle that was struck. I'd rather not put my full name on this if that's okay, but I'll answer everything else.

Q: That's fine for now. Can you describe where you were when the collision happened?

A: I was driving through the intersection on the green light, heading north on the main road. The light had been green for a while, and I was going about the speed limit.

Q: What happened next?

A: A pickup coming from my right ran the red light and hit the driver's side of my car. The impact pushed my car sideways and spun it a little before it stopped.

Q: Did you see the pickup before the impact?

A: Not until the last second. I heard the horn, and then it was already there.

Q: How did you feel immediately afterward?

A: My left knee hit the dashboard and the door frame. It hurt right away, and I couldn't put weight on it for a few minutes. I was pretty shaken up.

Q: Were you taken for medical care?

A: An ambulnace took me to the emergency room. They took X-rays and said there was no fracture, but the knee was badly swollen and they gave me a brace and crutches.

Q: Have you seen a doctor since then?

A: Yes, I've had two follow-up visits with my primary care physician, and I started physical therapy this week. The knee still locks sometimes and it's painful on stairs.

Q: Is there anything else you'd like to add?

A: Only that I was following the rules of the road and I'd like the other driver's insurance to know that.

Q: Thank you. This concludes the statement.
