Q: Thank you for taking the time to give this recorded statement. Please state your full name for the record.

A: I'd rather just keep it to the accident, if that's okay.

Q: That's fine, we can use a placeholder for your name. Where did the collision happen?

A: In a parking lot at a shopping center in Katy, Texas. I was pulling out of a parking space near the main entrance.

Q: What were you doing right before the impact?

A: I checked my mirror, didn't see anything, and started backing out slowly. Then I heard a loud bang and felt the car jolt.

Q: Did you see the other vehicle before contact?

A: No. It came from the lane behind the row of cars. I didn't see it until my door was already hitting it.

Q: How fast would you estimate you were moving?

A: Maybe two or three miles an hour. It was very slow.

Q: Did you hit your head or feel any injury at the time?

A: My head struck the side window. I didn't thnik much of it at first, but I got a headache within an hour and felt dizzy when I stood up.

Q: Have you seen a doctor since the collision?

A: Yes, I was seen the same day and was diagnosed with a concussion. I've been told to rest and avoid screens for a while.

Q: Are you experiencing any other symptoms right now?

A: Some light sensitivity and trouble concentrating. I get tired faster than usual, and reading is hard for me.

Q: Is there anything else you'd like to add to your statement?

A: Only that I was careful and I'm not sure why the other driver was moving so fast through the lane.

Q: Thank you. This concludes the recorded statement.

A: Thank you.
