Description of the accident (claimant's words)

I was stopped at a red light on a busy road in Sugar Land, Texas, when the car behind me hit my rear bumper at what felt like a considerable speed. My head snapped forward and then back against the headrest, and my seatbelt locked across my chest. I got out of my vehicle right away and spoke with the otehr driver, who said they had looked down at their phone for a moment and didn't see that traffic had stopped. Both cars were drivable at first, but my trunk and bumper are badly damaged. Within an hour I developed a severe headache, dizziness, and trouble focusing on my screen, so I went to urgent care, where I was diagnosed with a concussion. I have been resting at home and following medical advice, and I am still experiencing symptoms that limit my work and daily activities.
