Description of the accident (claimant's words)

I was driving in the right lane on a busy county road in Pasadena, Texas, when traffic slowed ahead of me. I checked my mirror, signaled, and began moving into the left lane. As I did, a silver sedan that had been hidden in my blind spot drifted over and struck the side of my vehicle. The impact pushed my car toward the median, and I heard a loud scrape of metal along my passenger side. I stopped on the shoulder and called for help. At the scene, I felt dizzy and had a sharp headache, and I was later diagnosed with a concussion. I have had to rest from work and limit screen time since then. I am providing this account so the claim can be processed accurately.
