Recorded Statement

Claim number:	C-1435
Statement of:	Deanna Wright

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather not give my full name on a recording, but you can use the claim reference.

Q: That's fine. Can you tell me where you were when the collision happened?

A: I was driving through the intersection in Baytown, Texas, heading east on the main road. The light had been green when I approached.

Q: Did you see the other vehicle before the impact?

A: Not really. A car came from my right side and ran the cross street. I heard the horn and then it hit my driver's side door.

Q: How fast were you traveling?

A: I'd say around the speed limit, maybe a little under. I wasn't rushing.

Q: Were you wearing your seatbelt?

A: Yes, I was.

Q: Did the airbags deploy?

A: The side curtain came out, I think. The steering wheel didn't deploy.

Q: Where did you feel pain or injury?

A: My left wrist hit the door frame and the armrest. It swelled up fast, and the doctor said it's fractured. My shoulder is sore too, but the wrist is the main problem.

Q: Have you received medical treatment?

A: Yes, I was taken to the emergency room that day. They put me in a splint and I have a follow-up with an orthopedic specialist next week.

Q: Did anyone witness the collision?

A: There was a man standing at the corner who came over afterward. I didn't get his contact information, but the police report should list any witnesses.

Q: Is there anything else you'd like to add?

A: Only that I'm not at fault. The other driver ran the cross street, and I'd like the claim handled as quickly as possible since I can't work with this wrist right now.

Q: Thank you. This concludes the recorded statement.

A: Thank you.
