Claimant:	Jennifer Gomez
Adjuster:	Alison Sweeney

17 Dec 2023 - Claim opened following report of a rear-end collision at a signalized intersection. Insured vehicle was struck from behind while stopped. Claimant reports neck and lower back discomfort at scene. Police report requested. Photos of both vehicles on file.

21 Dec 2023 - Spoke with claimant by phone. Claimant confirms no attorney retanied and states they prefer to handle the claim directly. Reports back strain, worse in the mornings, and has been seen once at an urgent care clinic. Requested the clinic records and a signed authorization form.

22 Dec 2023 - Reviewed photos of rear bumper damage on claimant vehicle and mid-level impact damage on insured vehicle. Estimate from the body shop is pending. Noted claimant's statement that the other driver admitted fault at the scene, which is consistent with the police report narrative.

25 Dec 2023 - Received urgent care records. Diagnosis is lumbar strain with muscle spasm, prescribed rest, over-the-counter anti-inflammatories, and a follow-up if symptoms persist. No imaging performed. Advised claimant of their right to seek medical follow-up and to keep receipts for all out-of-pocket expenses.

3 Jan 2024 - Claimant called to ask about the status of the claim and whether a settlement offer is coming. Explained that the file is still under evaluation pending final medical follow-up and repair estimate. Set a diary reminder to check in again in two weeks and to request a physical therapy update if one is scheduled.

Recorded Statement

Claim number:	C-1440
Statement of:	Jennifer Gomez
Taken by:	Alison Sweeney
Date:	20 Dec 2023

Q: Thank you for agreeing to give a recorded statement today. Please state your full name for the record.

A: I'd rather not give my name on a recording, but you can use the claim reference.

Q: That works. Can you tell me where you were when the collision occurred?

A: I was stopped at a red light on the main road in League City, near the shopping center.

Q: Were you moving at the time of impact?

A: No, my car was completely stopped and I had my foot on the brake.

Q: What happened next?

A: I felt a hard jolt from behind. My head snapped back and then forward, and my seatbelt locked up across my chest.

Q: Did you get out of your vehicle at the scene?

A: Yes, but I felt stiff and my lower back was already aching. The other driver came over and apologized.

Q: Did you seek medical attention?

A: I went to an urgent care clinic later that afternoon. They took X-rays and said it looked like a back strain.

Q: Are you still experiencing symptoms?

A: Yes. Sitting for long periods makes the pain worse, and I've had trouble sleeping on my left side.

Q: Have you missed any work because of the injury?

A: I've been on light duty for a few days. My supervisor let me sit more and avoid lifting.

Q: Did you have any pain or injuries before this collision?

A: No, not to my back. I had no problems like this before.

Q: Is there anything else you would like to add to your statement?

A: Only that I want my treatment covered and my car repaired as soon as possible. Thank you.

Q: Thank you. This concludes the recorded statement.
