Description of the accident (claimant's words)

I was stopped at a red light on the main road in League City, Texas, waiting to turn left, when I felt a hard impact from behind. The other vehicle struck the rear of my car at what seemed like a fairly high speed. My head snapped back and then forward, and my seatbelt locked across my chest. I got out and spoke with the other driver, who said they had looked down at their phone for a moment. My car's rear bumper, trunk lid, and tail lights are damaged, and the vehicle would not drive safely afterward, so it was towed from the scene. Within a few hours my lower back began to ache and stiffen, and by the next morning I had sharp pain when bending or lifting. I have since been seen by a doctor, who diagnosed a back strain and recommended rest, physical therapy, and time off from heavy work.
