Claim Notes

Claim number:	C-1444
Claimant:	Kathryn Parsons
Adjuster:	Valerie Rodriguez

October 27, 2023 - Claim opened following a low-speed head-on collision at an intersection. Insured reports vehicle front bumper and hood damage. Claimant vehicle reported with front-end damage. Claimant reports neck and back strain and was transported to urgent care. Liability appears disputed pending police report review.

October 30, 2023 - Police report received. Officer notes both vehicles were traveling at low speed when they made contact. Insured's statement and claimant's statement differ on which vehicle crossed the center line. Scene photos requested from insured for file.

November 7, 2023 - Claimant is now represented by counsel. All further communication to go through the attorney's office. Letter of representation received and logged. Request for medical records and treatment history sent to counsel.

November 8, 2023 - Medical records received from urgent care and primary physician. Diagnosis consistent with cervical and lumbar strain. Treatment includes physical therapy and muscle relaxants. Records reviewed and flagged for independent medical review given ongoing treatment.

November 12, 2023 - Counsel contacted to confirm receipt of medical file and request a settlement position. Claim remains open pending independent medical review, repair estimate finalization, and liability determination. Supervisor notified of representation and reserve review scheduled.

Recorded Statement

Claim number:	C-1444
Statement of:	Kathryn Parsons
Taken by:	Valerie Rodriguez
Date:	October 20, 2023

Q: Thanks for taking the time to speak with me today. This recorded stateemnt is about the collision you were involved in. Do you understand that this conversation is being recorded?

A: Yes, I understand.

Q: Can you tell me where you were when the collision happened?

A: I was driving on the main road in Baytown, heading toward the shopping center. It was a clear afternoon, and traffic was moderate.

Q: What were you doing right before the impact?

A: I was going about thirty miles an hour. A car came over into my lane from the opposite direction. I tried to swerve, but there wasn't enough room, and we made contact nose to nose.

Q: How fast do you think the other vehicle was traveling?

A: I honestly couldn't say. It didn't seem like it was going very fast, maybe twenty or twenty-five.

Q: Did either airbag deploy?

A: No, they didn't. It was more of a jolt than a hard crash.

Q: Did you get out of the vehicle at the scene?

A: I did, but I felt stiff right away. My neck was sore and my lower back started aching within an hour or so.

Q: Have you sought medical attention since the collision?

A: Yes, I went to an urgent care clinic that evening. They diagnosed me with a neck strain and a lower back strain and told me to rest and take anti-inflammatories.

Q: Are you still experiencing symptoms?

A: Yes. My neck is still tender when I turn my head, and I get a dull ache in my lower back after sitting for long periods. I'm following up with my doctor next week.

Q: Is there anything else you'd like to add to your statement?

A: No, I think I've covered it. I'm just hoping to get my recovery on track.

Q: Thank you. That concludes the statement.

A: Thank you.
