Q: Please state your full name for the record.

A: I'd rather just leave that off for now, if that's alright. I'm the driver of the vehicle involved.

Q: That's fine. Can you tell me where the accident happened?

A: It was on the highway in Sugar Land, Texas, in the right lane, heading toward the exit ramp.

Q: What were you doing right before the collision?

A: I was changing lanes. I checked my mirror, saw the lane was clear, and started moving over. Then I heard a loud scrape and felt my car get pushed sideways.

Q: Did you see the other vehicle before impact?

A: Not really. It came up in my blind spot, I think. I didn't see it until the contact happened.

Q: Did you see any turn signal from the other driver?

A: I don't remember seeing one. It all happened pretty fast.

Q: Were you injured?

A: Yes. My neck snapped back and then forward when we hit. The next morning I had stiffness and pain across the back of my neck and shoulders, and it's been hard to turn my head to the left.

Q: Have you sought medical treatment?

A: I went to urgent care that same afternoon, and I've been seeing a physical therapist twice a week snice then.

Q: Did you miss any work because of your injuries?

A: I missed a few days, and I've been limiting how long I drive because sitting upright for long periods makes it worse.

Q: Is there anything else you'd like to add?

A: Only that I want to be clear that I was signaling and checking my mirrors before I moved over. That's really all I can tell you.
