Statement of:	Scott Nelson
Taken by:	Christopher Wong
Date:	8-7-23

Q: Thank you for agreeing to give this recorded statement. Plaese state your full name for the record.

A: I'd rather just keep it to the facts, if that's okay.

Q: That's fine. For the record, can you confirm you were the driver of the vehicle involved in the collision in Conroe, Texas?

A: Yes, I was driving my sedan in the right lane on the access road.

Q: Tell me what you were doing right before the impact.

A: I was moving over to the left lane to get around a slow truck ahead of me. I checked my mirror, saw nothing, and started to merge.

Q: Did you signal before changing lanes?

A: I believe I did. I had the turn signal on for a few seconds before I started moving.

Q: What happened next?

A: Another vehicle came up alongside me in the lane I was entering and we sideswiped each other. I heard a loud scrape and felt the car jolt to the right.

Q: Did you see the other vehicle before the contact?

A: Not until it was right beside me. It seemed to come out of my blind spot quickly.

Q: Did you stop after the collision?

A: Yes, I pulled onto the shoulder and turned on my hazard lights. The other driver got out and we exchanged information.

Q: Were you injured?

A: I felt sore right away. My neck feels stiff and there's a dull ache when I turn my head to the side. I also have some tightness across my shoulders.

Q: Have you sought medical treatment since the accident?

A: Yes, I was evaluated at an urgent care clinic the same day and I've been seeing my family doctor since then for physical therapy.

Q: Is there anythnig else you would like to add to your statement?

A: Only that I was trying to drive carefully and I'm hoping to recover fully soon.

Q: Thank you. This concludes the recorded statement.
