Q: Thank you for taking the time to give this reocrded statement. Please state your full name for the record.

A: I'd rather just keep it to my first name for now, if that's okay.

Q: That's fine. Can you tell me where you were when the collision happened?

A: I was driving through an intersection in Sugar Land, Texas. I had a geren light, I'm pretty sure of that.

Q: Which direction were you traveling, and what happened next?

A: I was heading east. Another vehicle came from the left side and went through the red. It hit the driver's side of my car pretty hard.

Q: Did you have any chance to avoid it?

A: No, it happened very fast. I braked, but there was no time.

Q: Were you injured?

A: Yes. My head hit the window and the steering wheel. I've had headaches, dizziness, and trouble concentrating snice then. The doctor said it's a concussion.

Q: Have you been seeing a doctor for that?

A: Yes, I've had follow-up visits and I'm still taking it easy. I can't work full hours right now.

Q: Did you call for emergency assistance or police at the scene?

A: Yes, an officer came and took a report. I think he wrote the other driver down as at fault.

Q: Is there anything else about the accident you think I should know?

A: Only that I was not on my phone and I was not speeding. I'm just trying to get my car fixed and my health back.

A: Okay, thanks.
