Claim Notes

Claim number:	C-1470
Claimant:	Tyler Stephens
Adjuster:	Darin Tyler

2025-05-21 - Claim opened following a rear-end colliison at a signalized intersection. Insured vehicle was stopped at the light when struck from behind by a third-party vehicle. Claimant reports neck stiffness at the scene and was transported to urgent care by ambulance. Police report requested. Liability appears clear pending photos and driver statements.

2025-05-22 - Spoke with claimant by phone. Claimant confirms wrist pain on the left side and was told at urgent care that imaging showed a fracture. Claimant has not retained an attorney and says they are handling the matter directly. Explained the cliams process, the need for medical records, and the option to seek independent advice if they wish. Requested authorization to obtain treatment records.

2025-05-23 - Received the police report. It notes the at-fault driver admitted to looking at a phone before impact. Witness statement from a bystander corroborates that the rear vehicle did not brake. Photos of both vehicles show rear bumper damage on the claimant vehicle consistent with a moderate-speed impact. Libaility assessment updated to reflect the at-fault driver as primary.

2025-05-28 - Claimant forwarded orthopedic consultation notes. Diagnosis is a closed fracture of the distal radius, treated with a splint and referral for possible surgical consult. Claimant reports difficulty with daily tasks, including driving and typing. Advised claimant that a rental vehicle is available under the policy's rental provision if needed. Claimant said they would think aobut it and follow up.

2025-05-29 - Follow-up call with claimant. Claimant states the surgical consult is scheduled and asked how the bodily injury portion of the claim is evaluated. Explained that the adjuster will review medical records and bills once treatment concludes, and that a settlement cannot be finalized until the treatment course is known. Claimant agreed to send wage loss documentation. File remains open, reserves under review.

Recorded Statement

Claim number:	C-1470
Statement of:	Tyler Stephens
Taken by:	Darin Tyler
Date:	2025-05-25

Q: Thanks for taking the time to speak with me today. This call is being recorded for claim purposes. Can you confirm you're okay to proceed?

A: Yes, that's fine.

Q: Great. Can you walk me through what happened on the day of the accident?

A: I was stopped at a red light on a main road in Sugar Land, in the left lane. Traffic was backed up a bit. Then I felt a hard jolt from behind, and my car lurched forward into the intersection.

Q: Did you see the vehicle that hit you before the impact?

A: No. I was looking at the light and my phone was in the cradle on the dash. I never saw it coming.

Q: Were you able to get out of your vehicle afterward?

A: Yes, but I was shaken up. My right hand hurt right away, and I was holding my wrist against my chest.

Q: Did you seek medical attention?

A: Yes. An ambulance took me to the emergency room. They did X-rays and said my wrist was fractured. They put it in a splint and told me I'd need to see an orthopedic specialist.

Q: Do you know if the other driver was cited or said anything at the scene?

A: The officer took the other driver's information and wrote a report. I think the driver said they had looked down at their raido and didn't brake in time. I didn't hear that myself, though. That's just what the officer told me.

Q: Have you had any follow-up treatment since?

A: Yes, I've seen the specialist twice. They're talking about a cast for several weeks and possibly physical therapy after that. I'm not able to drive much right now, and I've missed a few days of work.

Q: Is there anything else you think I should know abuot the accident or your injuries?

A: Not that I can think of. My neck is a little sore too, but I'm not sure if that's connected. I'll keep you posted.

Q: Thank you. We'll follow up once we've reviewed the police report and your medical records. Have a good day.

A: Thanks. You too.
