Claim Notes

Claim number:	C-1475
Claimant:	Brian Woodward
Adjuster:	Alison Sweeney

31 Oct 2023 - Claim received by phone from the insured driver regarding a low-speed collision in a retail parking lot. Insured reports the other vehicle backed into the driver's side rear quarter panel. Police report not filed, as the incident occurred on private property. Photos requested from insured.

2 Nov 2023 - Received photos of the damage from the claimant. Visible scuffing and a cracked taillight on the rear passenger side. Claimant also reports neck stiffness and mild soreness since the impact and says they have not yet seen a doctor. Advised claimant on the medical evaluation process and recorded that they are not represented by counsel.

7 Nov 2023 - Contacted the other driver's carrier to confirm liability coverage and open a third-party claim. Carrier acknowledged the claim and assigned a file number. Witness statement from a store employee obtained, describing the other vehicle reversing without a clear view behind it.

8 Nov 2023 - Claimant sent a copy of an urgent care visit summary noting a cervical strain with muscle tension and a recommendation for rest, over-the-counter pain relief, and a follow-up if symptoms persist. Reviewed the record and added the injury to the file. Claimant confirmed they have no attorney and perfers to handle the matter directly.

12 Nov 2023 - Scheduled a vehicle inspection with an approved appraiser at the claimant's location. Explained the repair estimate process and the option to use any licensed repair shop. Claimant agreed to a follow-up call once the estmiate is complete. File remains open pending medical follow-up and final liability determination.

Q: Thanks for taking the time to speak with me today. This call is being recorded for claim processing purposes. Can you confirm you're comfortable continuing?

A: Yes, that's fine.

Q: Great. Can you walk me through what happened in the parking lot?

A: I was pulling out of a space near the store entrance. It was busy, and I was backing slowly. I felt a bump on the rear passenger side and stopped right away.

Q: Did you see the other vehicle before the contact?

A: No, not until after. I think it was coming down the aisle behind me, and I didn't check my mirror well enough.

Q: How fast were you going when you made contact?

A: Very slow, maybe walking speed. It wasn't a hard impact, but I felt it in my neck.

Q: Did you go to a doctor or urgent care afterward?

A: Yes, I went to urgent care the same afternoon. They diagnosed a neck strain and gave me a muscle relaxer and told me to rest and use ice.

Q: Are you currently experiencing any symptoms?

A: Yes. I have stiffness in the neck, and it hurts when I turn my head to the left. Sitting at a desk for long periods makes it worse.

Q: Have you had any prior neck or back problems?

A: Nothing serious. I had some stiffness a couple of years ago after sleeping wrong, but it went away on its own.

Q: Has anyone else been in the vehicle with you?

A: No, I was alone.

Q: Is there anything else you'd like to add to your statement?

A: Just that I'm trying to keep up with my physical therapy appointments, and I'd like to know what the next steps are for my vehicle repair.

Q: Thank you. We'll follow up with you shortly on both items.

A: Thanks.
