Q: Please state your full name for the record.

A: I'd rather just give you the details of the accident, if that's all right.

Q: We'll get there. For the record, can you confirm you're the driver of the vehicle involved?

A: Yes, I was driving my own car.

Q: Thank you. Where did the incident happen?

A: On the main road in Sugar Land, Texas, near one of the big intersections with the shopping center on the corner. I was in the mdidle lane heading toward the freeway.

Q: What were you doing right before the collision?

A: I was changing lanes to the right because I needed to get over for my exit. I checked my mirror and I thought the lane was clear.

Q: What happened next?

A: A vehicle came up on my right side and we sideswiped each other. I felt a bump and heard scraping along my passenger side. Both cars pulled over onto the shoulder.

Q: Was anyone else injured?

A: No one else in my car. The other driver seemed okay, but I was shaken up.

Q: Describe your injuries.

A: My neck snapped back and forward when we hit. It's stiff and sore, and the pain goes up into the back of my head. I've had headaches since that day.

Q: Have you sought medical treatment?

A: Yes, I went to urgent care the same afternoon and they told me it looked like whiplash. I've been going to physical therapy twice a week since then.

Q: Did you have your seatbelt on?

A: Yes, I was wearing it.

Q: Is there anyhting else you'd like to add to your statement?

A: Only that I'm still having trouble turning my head to check blind spots, which is a little scary when I'm driving.

Q: Thank you. This concludes the recorded statement.
