Q: Thanks for taking the time to speak with me today. This call is being recorded for claim purposes. Do you agree to that?

A: Yes, that's fine.

Q: Can you walk me through what happened in the parking lot?

A: I was backing out of a space near the store entrance. I checked my mirrors and didn't see anything, so I started slowly. Then I felt a bump and heard a crunch. The other vehicle was coming down the aisle, and I think they were going a little fast.

Q: How fast would you estimate they were going?

A: I really couldn't say exactly. It seemed quicker than the other cars around it.

Q: Did you stop after the impact, and did you exchange information with the other driver?

A: Yes, I stopped right away. We exchanged insurance and contact details, and I took a few photos of both cars with my phone.

Q: How are you feeling physically since the collision?

A: My neck and upper back are pretty sore. I felt a jolt when we hit, and by the next morning I had stiffness and some headaches. I went to an urgent care clinic that same afternoon, and they told me it looked like whiplash.

Q: Have you seen a doctor or therapist since then?

A: Yes, I'm going to physical therapy twice a week, and my doctor has me on muscle relaxers for now. Turning my head to the left still hurts.

Q: Is there anything else you think I should know about the accident?

A: Not that I can think of. I just want to get my car fixed and get my neck back to normal.

Q: Thank you. We'll follow up with you once we've reviewed the information.

A: Okay, thanks.
