Description of the accident (claimant's words)

I was backing out of a parking space at a groecry store in Houston, Texas, moving slowly with my mirrors checked. As I reversed, the rear of my vehicle struck the side of a silver sedan that was passing behind me in the lane. I stopped immediately and got out to look at the damage. Both vehicles had visible scrape marks and a cracked taillight on my car. The other drievr and I exchanged insurance information, and we both agreed to file claims. Later that day I began experiencing neck stiffness and pain radiating into my shoulders, and my doctor diagnosed whiplash. I have been attending physical therapy since then and am still experiencing limited range of motion. I am providing this account so the claim can be processed accurately.
