Q: Thank you for taking the time to spaek with me today. This recorded statement concerns the parking lot collision you were involved in in Katy, Texas. Do you understand that this call is being recorded?

A: Yes, I understand.

Q: Could you please describe where you were when the collision happened?

A: I was in the parking lot of a shopping center, driving slowly toward an open space near the main entrance. It was busy, so I was looking for a spot.

Q: What happened next?

A: A vehicle backed out of a space on my right without stopping. I hit my brakes, but the front of my car still struck the rear quarter paenl of their SUV.

Q: How fast would you estimate you were traveling at the moment of impact?

A: Maybe five or six miles an hour. It wasn't fast at all.

Q: Did your airbags deploy?

A: No, they didn't. The impact jolted me forward and then back against the seat, and my head hit the headerst pretty hard.

Q: Did you seek medical attention after the collision?

A: Yes. A friend drove me to urgent care later that afternoon. They diagnosed me with a concussion. I've had headaches, sensitivity to light, and I get dizzy when I'm on screens for long periods.

Q: Are you currently under a physician's care for the concussion?

A: Yes, I have a follow-up scheduled with my doctor next week, and I've been told to limit screen time and rest as much as possible.

Q: Has anyone else been injured in the collision?

A: Not that I'm aware of. The other driver seemed okay when we spoke briefly.

Q: Thank you. Is there anything else you would like to add to your statement?

A: No, I think that covers it. I just hope my recovery goes smoothly.

Q: Thank you for your cooperation. This concludes the recorded statement.
