Description of the accident (claimant's words)

I was backing out of a parking space at the shopping center on Katy Freeway, moving slowly with my mirrors checked, when I felt a jolt and heard the sound of metal against metal. A white pickup had been coming down the aisle behind me, and it struck the rear quarter panel of my car. I stopped right away and got out to look. The impact was low speed, but my head snapped forward and then back against the headrest. Within an hour I developed a severe headache, dizziness, and sensitivity to light. My neck was stiff the next morning. I was seen at an urgent care clinic and later diagnosed with a concussion. I have stopped driving until my doctor clears me, and I am missing work while I recover.
