Statement of:	Jeffery Hogan
Taken by:	Christopher Wong
Date:	6-28-25

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather not give my name on a recording, but you can use the claim file.

Q: That's fine. Can you tell me where and when the accident happened?

A: It was on a weekday afternoon, at an intersection in League City, Texas. I was turning left off the main road into a shopping center.

Q: What were you driving, and how fast were you going?

A: My sedan. I was going slowly, maybe fifteen miles an hour, because I was waiting for a gap in oncoming traffic.

Q: Did you see the other vehicle before the impact?

A: Not clearly. I remember the headlights coming toward me, but I thought there was enough room. I started to turn.

Q: Were you using your turn signal?

A: Yes, I'm pretty sure I had it on for a while before I entered the intersection.

Q: Describe the impact.

A: It hit the front passenger side of my car. My head struck the window frame. The airbag deployed.

Q: Did you receive medical treatment?

A: Yes, I was taken by ambulance to the emergency room. They diagnosed a concussion. I've had headaches, dizziness, and trouble concentrating since then.

Q: Are you still under a doctor's care?

A: Yes, I have follow-up appointments, and I've been told to limit screen time and driving until I'm cleared.

Q: Is there anything you'd like to add to your statement?

A: Only that I was trying to be careful. I didn't see the otehr car as a threat until it was too late to stop.

Q: Thank you. This concludes the recorded statement.

A: Thank you.
