Description of the accident (claimant's words)

I was driving north on the main road in League City, Texas, and had signaled to turn left into the shopping center entrance. I checked for oncoming traffic, saw the way was clear, and started my turn. Partway through the turn, a vehicle coming from the opposite direction struck the front driver's side of my car. The impact spun my car partly sideways and the airbags deployed. I was not able to stop before the collision. I hit my head against the side window and felt dizzy, with a ringing in my ears and a headache that got worse over the next hour. Paramedics arrived, checked me at the scene, and recommended that I be taken to the hospital. I was later daignosed with a concussion and have been told to rest and avoid screens and driving until cleared by my doctor.
