The insured's policy is active and the claimant's vehicle was involved in a left-turn collision at an intersection. The insured driver is named on the policy, and the reported loss falls within the coverage period.

06/28/2025

Recorded Statement

Claim number:	C-1001
Statement of:	Jeffrey Brock
Taken by:	Alison Sweeney
Date:	05/24/2025

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather not give my full name on a recording, but I'm happy to answer your questions about the accident.

Q: That's fine. Can you tell me where the accident happened?

A: It was at an intersection in Pearland, Texas. I was turning left across traffic when another vehicle hit my car on the driver's side.

Q: What time of day was it, and what were the weather and road conditions?

A: It was in the afternoon. It was clear and dry. The road was normal, nothing unusual.

Q: Befroe you began your turn, what did you do?

A: I stopped at the line, looked both ways, and saw the oncoming car a good distance away. I thought I had time to make the turn, so I started moving.

Q: How fast were you going when the impact happened?

A: I was going slowly, myabe ten or fifteen miles an hour. I was almost through the turn when the other car came into my side.

Q: Did you see the other vehicle until the moment of impact?

A: Not clearly. It came up quickly, and I didn't have time to react.

Q: Were you hurt, and if so, what symptoms have you had?

A: Yes. My neck is stiff and sore, and I have pain in my lower back that gets worse when I sit for a long time. I was seen at a clinic and told I have a neck and back strain.

Q: Have you missed any work or daily activities because of these injuries?

A: I've had to cut back on lifting and driving for longer trips. I'm still working, but it's uncomfortable.

Q: Is there anything else you would like to add to your statement?

A: Only that I did my best to avoid the collision, and I'm hoping this can be resolved so I can get back to normal.

Q: Thank you. This concludes the recorded statement.

A: Thank you.
