Description of the accident (claimant's words)

I was making a left turn at an intersection in Pearland, Texas, when another vehicle struck the side of my car. I had stopped briefly to wait for a gap in oncoming traffic and proceeded once it looked clear. The impact pushed my head sideways and jolted my back against the seat, and I felt immediate stiffness in my neck and a tight, aching pain across my lower back. I was able to exit the vehicle on my own and gave the same description of what happened to the responding officer, to the adjuster who called me, and to the medical staff I saw afterward. I am the named driver on the policy and I have kept copies of all paperwork related to the repairs and treatment. I am submitting this statement so the claim can be reviewed.
