Description of the accident (claimant's words)

I was turning left at the intersection in Sugar Land, Texas, waiting for a gap in oncoming traffic, when another vehicle struck the rear driver's side of my car. The impact pushed my vehicle forward and spun it slightly. I stopped as soon as I could and checked on the other driver before stepping out to look at the damage. My neck and upper back began to ache within the hour, and I was later diagnosed with whiplash. I have given the same account of what happened every time I have described it, to the officer at the scene, to my doctor, and to the adjuster who called me. I am the named driver on this policy and was operating the insured vehicle with the owner's permission at the time of the collision.
