Claim Notes

Claim number:	C-1004
Claimant:	Jeffrey Burton
Adjuster:	Valerie Rodriguez

2024-07-18
Claim received for a collision at an intersection where the insured was turning left and was struck by an oncoming vehicle. The claimant reports a shoulder injury and is not represented by an attorney.

2024-08-12
Reviewed the police report, which places the claimant in the vehicle at the time of the collision and records the other driver's account. The driver is named on the policy and the policy was in force on the date of loss.

2024-08-13
Spoke with the claimant, who described the left turn, the oncoming car, and the impact to the driver's side front. The account matched what was given at the scene.

2024-08-24
Two independent witnesses were contacted and both confirm the accident happened as the claimant described it. The other driver also gave a consistent version by phone.

2024-09-20
Photos from the scene and the repair estimate show damage consistent with the reported impact. No prior damgae to the vehicle is recorded in our files or in the inspection notes.

2024-09-21
Nothing in the file suggests the damage predates the start of coverage. The vehicle inspection found no signs of earlier repairs in the affected areas.

2024-09-24
Claimant reports pain in the right shoulder after the crash and was seen at an urgent care clinic the same day. The injury pattern appears consistent with the force and direction of the collision.

2024-11-01
Treatment records show a usual course of physical therapy and follow-up visits. Reported pain has eased steadily as the claimant improved, and the provider notes a tapering of care.

2024-11-25
Medical history reviewed. The claimant had a minor strain in the same shoulder several years ago that resolved fully with care and has not been treated since.

2024-12-27
Claimant repeated the same account of the collision in each contact with our office. Based on the evidence reviewed, the injury and vehicle damage fit the reported loss, and the file is ready for the next settlement review.

Recorded Statement

Claim number:	C-1004
Statement of:	Jeffrey Burton
Taken by:	Valerie Rodriguez
Date:	2024-07-13

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the collision you reported. Please state your full name for the record.

A: I'd rather just give you the facts of what happened, if that's all right.

Q: That's fine. For the record, can you confirm you were the driver of the vehicle involved?

A: Yes, I was driving my own car.

Q: Where were you when the collision occurred?

A: I was in Houston, Texas, at an intersection with a traffic signal. I was trying to make a left turn.

Q: Walk me through what you were doing just before impact.

A: I was waiting in the turn lane for a gap in oncoming traffic. When it looked clear, I started into the turn, and then a vehicle coming straight through hit the front passenger side of my car.

Q: Did you see the other vehicle before you started your turn?

A: I saw headlights further back, but I thought there was enough room. I misjudged how fast it was coming.

Q: What was the signal showing for you when you began the turn?

A: It had changed to green for the through traffic, and my arrow had turned to a yield. I believed I could complete the turn safely.

Q: Did you feel any pain or injury immediately afterward?

A: My shoulder hurt right away, mostly the right one. It got worse over the next day or so, and I've been having trouble lifting my arm.

Q: Have you received medical treatment for that shoulder?

A: Yes, I went to an urgent care clinic and I've been referred for follow-up care.

Q: Is there anything you would like to add to your statement?

A: Only that I want to cooperate fully and get my vehicle and my medical situation sorted out.

Q: Thank you. This concludes the recorded statement.
