Description of the accident (claimant's words)

I was turning left at an intersection in Houston, Texas, when a vehicle coming the other way struck the front of my car. I had the green light and was moving slowly into the turn when the impact threw me against my seatbelt. I have been the named driver on this policy for several years, and I have kept my coverage current throughout. Since the collision I have told the same account every time I have spoken with the adjuster, the police officer at the scene, and the medical staff who examined me. My right shoulder was hurt in the impact and has been painful to lift or reach across my body. I am seeking a physical therapy evaluation and treatment for the injury and reimbursement for the damage to my vehicle. I am happy to provide photographs, the repair estimate, and any other records you need to process this claim.
