Injuries reported:	concussion
Investigating officer:	Officer Rachel Gill, Badge 1022

Occupants of each vehicle

Vehicle	Seat	Name
Vehicle 1 (insured)	Driver	Kristy Wood
Vehicle 1 (insured)	Passenger 1	David Archer
Vehicle 1 (insured)	Passenger 2	Angelica Olson
Vehicle 2	Driver	Carl Valdez

Officer's narrative

Driver 1 was traveling southbound on a multi-lane arterial in Sugar Land, Texas, when the vehicle ahead slowed for traffic. Drievr 2 was following Driver 1 and did not stop in time, striking the rear of Driver 1's vehicle with considerable force. A Passenger was seated in the front passenger seat of Driver 1's vehicle at the time of impact. Officers on scene interviewed both drivers and the Passenger, and independent witnesses who stopped at the lcoation gave statements consistent with what the drivers described. Driver 2 acknowledged following too closely and did not dispute the sequence of events. Photographs taken at the scene show the rear damage to Driver 1's vehicle and the position of both vehicles after impact. Driver 1 reported being dazed immediately after the collision and was later evaluated by medical staff for a suspected concussion, a finding that fits the nature and force of this type of impact. Officers noted that Driver 1's vehicle had no visible earlier damage, and Driver 1 is listed as a named insured on the policy covering the vehicle. Some of the damage observed to the vehicle's interior and undercarriage may not have resulted from this collision alone, and the extent to which it did cannot be determined from the scene evidence.
