### Description of the accident (claimant's words)

I was merging into the left lane on a multi-lane road in League City, Texas, when a vehicle in that lane moved over and brushed the side of my car. I had checked my mirrors and signaled before I began the lane change, and I pulled slightly to the right to avoid a larger impact. My vehicle lurched, and I felt a sharp pain across my neck and lower back almost immediately. I stopped on the shoulder, exchanged information with the other driver, and photographed both vehicles and the lane markings. I have described the events the same way each time I have spoken with the insurer, the adjuster, and the medical staff who examined me. I am the named driver on this policy, and I am submitting this statement so the claim can be processed. I am still receiving treatment for the strain and will provide records as they become available.
