Description of the accident (claimant's words)

I was making a left turn at an intersection in Pearland, Texas, when another vehicle struck the side of my car. I had stopped at the light and was waiting for a gap in oncoming traffic before I started to turn. The impact pushed my head back and then forward, and I felt a sharp pain in my neck and upper back almost immediately. I have been diagnosed with whiplash and am still undergoing treatment. I have described the events the same way each time I have spoken about them, whether to the other driver, the police officer at the scene, or the adjuster. I am the named driver on the policy that covers this vehicle, and I am submitting this statement to support my claim for the medical costs and vehicle repairs.
