Injuries reported:	whiplash
Investigating officer:	Officer Emily Weaver, Badge 1013

Occupants of each vehicle

Vehicle	Seat	Name
Vehicle 1 (insured)	Driver	David May
Vehicle 2	Driver	Theresa Hernandez

Officer's narrative

Officers responded to an intersection in Pearland, Texas, where Driver 1 was turning left and was struck by Driver 2. Driver 1 reported neck pain and said the impact felt like a whiplash injury. The reported injury fits the type and force of this crash. Driver 2 and two independent witnesses gave accounts that match Driver 1's description of how the collision happened, and scene photographs support those accounts. Passenger was in Driver 1's vehicle at the time, as confirmed by witnesses and by officers at the scene. Most of the vehicle damage lines up with the impact described. However, a review of prior records shows the same major damage to the same areas from an earlier incident that was never reported to police or an insurer, and that damage is now being presented as part of this collision. Driver 1 is a named driver on the policy. Further review of the earlier records is recommended before the damage is assessed.
