Description of the accident (claimant's words)

I was merging from the middle lane onto the freeway in League City, Texas, when I checked my mirror and moved over to make the lane change. A vehicle in the adjacent lane came up alongside me and clipped the rear quarter panel of my car, pushing me toward the shoulder before I could steer back. I pulled onto the shoulder right away and stayed in my vehicle until the other driver and I had exchanged our information. I have been the named driver on this policy for several years and I am the person who was behind the wheel at the time. Since the collision I have had stiffness and pain in my neck and lower back, and my doctor has diagnosed both as muscle strain. I have described the event the same way every time I have spoken about it, to the adjuster, to the officer on scene, and to my physician, and I am glad to provide any further detail that would help process this claim.
