Claim Notes

Claim number:	C-1012
Claimant:	Steven Lindsey
Adjuster:	Chelsea Hebert

January 21, 2025
Claim received for a side impact at an intersection involving the insured's vehicle, with the claimant reporting whiplash. The claimant is represented by counsel, and all further contact will be routed through the attorney's office.

February 6, 2025
Verified that the driver involved is named on the policy and that the coverage was active at the time of loss. Nothing in the policy records suggests any issue with the timing of coverage.

February 12, 2025
Obtained the police report, which places the claimant inside the vehicle at the scene and matches the general description of the collision given to us.

March 3, 2025
Reviewed the photos submitted by the insured. They confirm the point of impact and several of the reported details, though no independent witnesses have come forward to add to the account.

March 6, 2025
Vehicle damage appears largely consistent with the side impact as described. The estimator's notes are attached to the file for reference.

April 3, 2025
A few older scratches were noted on the vehicle. They may predate this collision, and I have asked the appraiser to separate them from the new damage in the estimate.

April 4, 2025
Claimant's attorney submitted the initial medical summary, which describes whiplash symptoms. The kind and force of the reported injury line up reasonably well with the crash as described.

May 17, 2025
Reviewed the claimant's prior medical history provided through the attorney. No earlier injury to the same body area is on record.

June 6, 2025
Treatment has continued somewhat longer than is typical for this type of injury. I have requested the treatment notes to understand the course of care.

June 8, 2025
Claimant later supplied a few additional details about the collision through counsel. The core account has not cahnged from the original statement.

July 28, 2025
Reviewed the damage estimate against the photos and the described impact. Most of the repair items fit the collision, and the remaining items are being checked against the older scratches noted earlier.

August 4, 2025
File is pending review of the treatment records and the final repair estimate. No further action is needed until the medical and repair documentation is complete.

Recorded Statement

Claim number:	C-1012
Statement of:	Steven Lindsey
Taken by:	Chelsea Hebert
Date:	January 2, 2025

Q: Thanks for taking the time to speak with me today. This call is being recorded for claim purposes. Can you confirm you're comfortable continuing?

A: Yes, that's fine.

Q: Please describe where the collision happened and what the weather and road conditions were like.

A: It was at an intersection in Baytown, Texas, a four-way with traffic lights. It was clear out, the pavement was dry, and it was mid-afternoon.

Q: Walk me through what you were doing right before the impact.

A: I was driving through on a green light, heading straight through the intersection. I had slowed a little as I approached because I could see cross traffic moving.

Q: What happened next?

A: A vehicle coming from my right ran the red light and hit the driver's side of my car. The impact pushed my car sideways into the median curb.

Q: Did you see the other vehicle before it reached you?

A: Only for a second. I saw it coming in from the side, but there wasn't time to brake or swerve.

Q: How did your body feel right after the collision?

A: My neck snapped forward and back, and I had pain across my shoulders right away. By that evening I had a headache and stiffness that kept getting worse.

Q: Have you seen a medical provider since the accident?

A: Yes, I went to urgent care the next day and I've been referred to a physical therapist. I'm still going through treatment.

Q: Is there anything you'd like to add about the accident?

A: Only that I was following the signals and I'm trying to get back to normal. I'm still having trouble turning my head to check mirrors.

Q: Thank you. That concludes the statement.

A: Thank you.
